THE GOLDEN SIDE There is many a rost in the road of life
If we would only stop to take it; And many a tone from the better land
If the querulous heart would make it.
To the soul that is full of hope,
And whose beautiful trust ne'er faileth, The grass is green and the flowers are Though the Winter's storm prevaileth.

Better hope, though the clouds hang low, And to keep the eyes still lifted; For the sweet blue sky will soon When the ominous clouds are rifted. There was never a night without a day, Or an evening without a morning, And the darkest hour, as the proverb goes Is the hour before the dawning.

There is many a gem in the path of life Which we pass in our idle pleasure That is richer far than the jeweled crow Or the miser's hoarded treasure, It may be the love of a little child, Or a mother, s prayer to heaven, Or only a beggar's grateful thanks For a cup of water given.

Better to weave in the web of life
A bright and golden fifling,
And do God's will with a cheerful heart, And hands that are ready and willing, Than to snap the delicate, minute thread Of our curious lives asunder, And then blame heaven for tangled ends, And sit and grieve and wonder

Morgan offered an amendment to come in as five additional sections at garden. Many of you have tried the the end of the bill, aimed at trusts and conspiracies in restraint of trade and commerce or to increase the market price of imported articles. He made a speech in explanation and defense of he amendment, which would have the affect, he said, of repressing "those trusts in all their multiplied hideous ness." The amendment was agreed to without division. The first section of it is as follows:

"Section 75. That every combination conspiracy, trust, agreement or con-tract is hereby declared to be contrary to public policy, illegal and void, when the same is made by or between two or more persons or corporations, either article from any foreign country into the United States and when such combination, conspiracy, trust, agreement or contract is intended to operate in restraint of lawful trade or free comport of the United States of any article or articles imported or intended to be imported into the United States, or of any manufacture, into which such imported article enters or is intended to enter. Any person who is or shall hereafter be engaged in the importation of goods or any commodity from any foreign country in violation of this section of this act, or who shall combine or conspire with another to violate the same is guilty of a misdemeanor and on conviction thereof in any court of the United States such persons shall be fined in a sum not less than \$100 and not exceeding \$5,000 and shall be further punished by imprisonment in the discretion of the court for a term not less than three months nor exceeding twelve months.

Allen then offered the amendment to notice yesterday, but which he did not at any time today offer in the Senate. Jones asked Allen to withdraw it, but ne declined. It was then laid on the table on motion of Harris-yeas 50; nava 22.

At 8:45 p. m., a suggestion was made by Doiph that the Senate should either dispose of the bill quickly or let it go over till Thursday. He should hate to see the national day desecrated by the passage of such a bill. "Nothing could be so painful to me," Harris remarked satirically, "as to give the slightest pain to the Senator from Oregon. But I think that the bill should be disposed of before the Senate ad-journs—and I hope that every Senator will stay here until it is disposed of."

These amendments were agreed to: Increasing the duty on files (paragraph

Alliance, consisting of Norman Elder of York, Col. D. K. Norris of Anderson, the Rev. J. A. Slight of Newberry and John Gadson of Aiken, met in this city yesterday for the purpose of invesigating the management of the State Alliance Exchange by Col. D. P. Duncan. The investigation was asked for by Col. Duncan.

The committee, after a session of

saveral hours, during which it went through all of the books of the exchange, made up its report, and will forward it to the president of the Alliance, Senator W. D. Evans. The report will show that Col. Duncan's mangement of the exchange has been entirely satisfactory and that none of the charges brought against him are true. For some time the Piedmont Headlight, the organ of Stanyarne Wilson,

who is opposing Col. Duncan for Congress in the Fourth district, has been making all kinds of charges against the manager of the State Alliance Ex-change. In the issue of June 2 several columns were devoted to these changes, and some of them were particularly

heavy. Because the Alliance Exchange advertises its pricelist in the Cotton Plant at a cost of \$480 a year, Gantt charged that this money had been used by Col. Duncan to buy out the Cotton Plant as his organ to be used for his ed the trestle, and upon looking back political purposes. Gantt also charged saw that the unknown man was in that Col. Duncan tried to extort from the Alliancemen a profit of \$1.85. per ton more for guano than private par-ties bought the same goods for. Gantt also charged that Col Duncan had been selling sewing machines at \$19.75 which had been bought by outside parties elsewhere for less than \$16, and which Duncan had confessed had cost only \$17. He charged that Duncan had been making \$2.75 clear profit on machine, and that not a nickel of the profit had gone into the treasury of the exchange. He charged also that Duncan had been also lending out money from the Alliance

treasury and pocketing the interest. Gantt then made the charge that Duncan used his railroad passes, in violation of the State law, to travel on busihe sugar schedule of which Jones gave ness. He scored him, too, far allowing the railroads in this State to charge higher rates than are allowed in Georgia. The rest of the charges were devoted to Col. Duncan's record as a Reformor.

In Danger.

BRISTOL, Tenn., July 5.—News comes from Rio de Janeiro, Brazil, stating that Reverend Edward E. Tilly Methodist missionary to that country from the Holston conference, is in great danger of losing his life because he took sides with the rebels and against the president in the recent is understood roubles. It that foreigners who praticipated are to be courtmartialed and shot. Tilly was born and educated in this city.

Filled With Bullets, GUTHRIE, Mo., July 2 .- On August 10, 1892, James Johnson, a negro, outraged Mrs. Stella King of this place. He was captured in St. Louis and brought here last night. The news of his White and Walker, of this place. Mr. tigrew offered an amendment providing for a tariff commission. Rejected the sympathy of the entire community in their loss. No blame is attaceed to his companions. The pound to 8-10 of a cent. Fet. coming preceded him and when the train arrived he was taken from the train by a mob and hanged. His body was adopted to one of the income tax was filled with bullets.

The Orop Report. COLUMBIA, S. C., June 4.—The following is the crop report for the past

week:

The weather and crop conditions have changed materially and for the better during the past week. The temperature ranged nearly normal, being slightly below on the immediate coast, and slightly in the excess in the interior. Friday, June 29th, was very hot with temperature between 96 and 100 over the entire State, except on the immediate coast. The excessive heat was general over the entire cotton region of the United States, the average maximum of 132 stations being 97 degrees on that date. The sunshine was below the usual amount, averaging between 60 and 70 for the whole State, the deficiency having a tendency to injure cotton. The rainfall was widecotton. The rainfall was wide-spread, quite general, and in places excessive. Drought conditions have been narrowed down to portions of Clarendon, Fairfield, Orangeburg, Florence and Williamsburg counties.

Overflows of creeks and washing rains destructive to crops occurred in Edgesield, Anderson, Abbeville, and Oconee counties. Destructive windstorms occurred in Barnwell, Laurens, Newberry, Lancaster and Fairfield counties. Destructive hallstorms occurred in Barnwell, Laurens, Newberry, Lancaster and Fairfield counties. Destructive windstorms in Pickens, Greenville, Edgesseld, Laurens, Union, and Anderson counties; the storm of the 23th being especially severe in Greenville and Pickens.

Giving due consideration to the areas of damage by wind, hail, and overflows of creeks and to areas of insufficient rain, the crops are vastly improved and are in excellent condition.

Early corn much improved, but was too far advanced toward maturity to receive much benefit from the changed conditions and it is estimated will not make much more than half a crop. Late planting very good on bottom lands, beginning to be grassy where not too wet to work.

Cotton growing rapidly and fruiting well, except in a few localities where it is going to weed; needs more sunshine, beginning to get grassy where too wet to work. Rice improved during the week and doing fairly well, but there is still danger from salt water in Georgetown county, owing to the low stage of the river. A larger acreage of peas being planted than ever before in many sections, but seed is reported scarce. Planting of sweet potato slips continues. Melons ripening fast but individual melons as well as the total crop will be smaller than usual. Pasturage growing very fast.
The crop prospects summed up are

more encouraging now than they have been at any time this year, but would be still further improved by a rainless week with a high percentage of sun shine.

The following places reported rainfalls above the weekly normals: Columbia, 1.84; Hardeville, 1.86; St George's, 3.14; St. Matthews, 3.72; Greenville, 3.69; Cheraw, 2.44; Allen dale, 251; Batesburg, 3.27; Blackville, dale, 251; Batesburg, 3.27; Blackville, 3.20; Greenwood, 1.29; Watt's, 476; Little Mountain, 1.19; Santuc, 3.10; Trenton, 3.40; Ella, 2.18; Longshore, 215; Port Royal, 398; Conway, 2.23; Heath Spring, 6.23; Statesburg, 1.09; Oakwood, 3.05; Camden, 1.40; Society IIII, 4.38; Chesterfield, 2.63; Liberty, 1.20; Reid, 2.75; Trial, 1.40; Hunters, 6.88; Easley 2.75; Trial, 1.40; Hunters, 6.88; Easley, 4.55; McCormick, 4.44; Beaufort, 2.99; Charleston, 2.78; Georgetown, 1.00; Flint Hill, 2.43; Jackson Station, 2.00; Hagood, 1.18; Red Hill, 4.00.

Courteous Replies.

COLUMBIA, S. C., July 5.—Capt. John G. Capers was asked today by a Journal reporter as to what further replies he had received from county chairmen in reference to General Butler's request for separate boxes and whether, Chairman Nettle's reply was a fair sample COLUMBIA, S. C., July 5.—The judi-iary committee of the State Parmers' ed from him was by no means a fair indication of the tenor of the replies. On the contary, they were in marked contrast. He had received replies from many counties and from many men representing the Reform faction and they were courteous and conciliatory.

mont County who is an ardent Tillman ite and office holder under the present administration writes:

Your communication of the 26th to hand. I will take great pleasure in presenting your request to our exercutive committee when it meets on the 21st instant. I think your request perfectly fair and will use my influence to have in granted.
This comes very much nearer being a

sample of replies from Referm chairmen. There seems to be a spirit of con-servatism without regard to party faction which is not only encouraging for Senator Butler, but for the peace and order of the State.

An Accident at Oakley OAKLEY DEPOT, BERKELEY COUN-TY, July 4.—Recently as the down train from Columbia was rapidly approaching this place two negroes, Ned Wehman and an unknown colored man, were run over and killed at what is known as the "Broughton Swamp Trestle," about a half mile above the depot. Wehman, it appears, had cleardanger of being injured. He sprang to his assistance, and it was in the attempt to save the man's life that both were killed. As soon as the men were discovered upon the track every effort on the part of the engineer and those in charge of the train was made to avert the accident, but without avail. They were so close upon the men that it was impossible to stop in time. A. jury was empanelled and an inquest neld by Trial Justice R. W. Hains, acting as coroner, and a verdict was rendered in accordance with the above facts, no blame attaching to the railroad company. The wonder is that like accidents have not happened before and more frequently, for the negroes, make a public course of the railroad track and trust to luck to get out of the way of passing trains in time to avoid in-

Back at John Gary Evans. COLMBIA, S. C., June 29 .- Mr. James Norton, chief clerk in the office of Comptroller General and candidate for that flice, yesterday gave the press the following self-explanatory card:

I see it reported in the papers today that Senator John Gary Evans said at Chesterfield yesterday that I approachim with poor mouth as to my salary. Mr. Evans is entirely mistaken if he made such statement. What I did do was to call his and other members of the general assembly's attention to the unjust and apparently spiteful discriminations in the Senate salary bill of 1892. I mentioned the special discrimination against the office of Comptroller General. This bill fixed his salary as \$1,900 and current expenses at \$1 350. This was to all intents and pur-

Many Drowned.

BUDA PESTH, July 5 .- A terrible drowning disaster is reported from Mad. The ferry boat in crossing the river of Thiess, near the town mentioned, capsized with 200 people on board. It is reported that about 100 are drowned.

Musical Homes are Happy Homes Have you ever noticed it? Call to mind the homes of your friends who have a good Piano or Organ in the house. Are they not brighter and more attractive than those where the divine art of music never enters? To be sure it costs to buy a good instrument, but it lasts many years, and will pay its costs many a thousand times over by interesting the young folks in their homes. Don't make the mistake, though, of investing haphazard. Post yourself thoroughly by writing Ludden & Bates Southern Music House, Savahnah, Ga., the great music house of the South, established in 1870.
